Jason DiMatteo

As many of you know Jason DiMatteo and his family are the owners of the Missoula Jr. Bruins as well as a pillar in our community on and off the ice. Jason's love for hockey and his team run deep.

Shortly after the season ended last year, Jason became ill with complication to an abdominal infection. He has since been fighting with all his heart in hospitals for the past 5 months. While his wife Liz has been working and raising their 5 boys.

We hope that you will join us to help raise funds for the family and kick off the 2017-18 season.
